Objective

To secure a software development role in a reputed organization where I can apply my skills in programming, web development, and problem-solving to build efficient and scalable applications, while continuously learning and growing professionally.

Education

Sri Ramakrishna Engineering College, Coimbatore

4th M.TECH Computer Science Engineering (5 years integrated)

SRK Matric Higher Secondary School, Salem

Higher Secondary Certificate (HSC) – **86.5 %**

SRK Matric Higher Secondary School, Salem

Secondary School Leaving Certificate (SSLC) – **100%**

Technical Skills

Programming Languages: C, C++ (Basics), Java (Intermediate), Python (Intermediate)

Web Technologies: HTML, CSS, JavaScript, React

Databases: Basic SQL, MongoDB, DBMS Concepts

Tools & Platforms: Git, VS Code, Figma, Android Studio

Core Concepts: OOP, Basics of Data Structures, Responsive Web Design

Experience

Web Development Intern, Mist Software Solutions pvt ltd – Coimbatore

- Developed responsive web pages using **HTML**, **CSS**, and **JavaScript**
- Improved UI performance and cross-browser compatibility
- Worked in a collaborative team environment following development workflows

UI / UX Intern, Gateway Software Solutions – Coimbatore

- Designed admin dashboards using **Figma** with user-friendly interfaces
- Created interactive prototypes for real-time applications
- Collaborated with developers to convert UI designs into responsive web dashboards
- Worked on PDF export features and usability improvements

Projects

Water Supply Notification System

- Built a full-stack application using **React.js**, **Node.js**, and **MongoDB**
- Designed Admin & User dashboards for real-time water supply updates
- Implemented **REST APIs** to manage scheduling and historical data tracking
- Ensured efficient data handling and responsive UI for better user experience

Yoga Posture Detection ML Based

- Developed a real-time posture detection system using computer vision
- Used **CNN**-based models for body keypoint detection
- Analyzed posture accuracy and provided feedback using ML techniques
- Integrated **TensorFlow/MediaPipe** for pose estimation

Certifications

- C Basis – Skillrack
- Basics of Python/C– Infosys Springboard
- One Credit Course on Design Thinking & Sociology of Digital Media – Sri Ramakrishna Engineering College

Strengths

- Strong Debugging and Problem-Solving Skills
- Attention to Detail
- Leadership and Team Coordination
- Adaptability in Fast-Paced Environments
- Organized and Reliable
- **Languages** : Tamil, English

Soft Skills

Problem Solving | Communication Skills | Adaptability | Team Collaboration

Area of Interest

Application Development | Software Development | Web Development | Full Stack Development | Problem Solving
